

TaylorWorld (blerontin Castle 1) TM.

The party finds themselves outside blerontin castle, outside the tents they spent overnight in, where they hear in the distance a market inside the castle, with guards guarding the castle gate.

The party leaves their tents after finding a note outside their tents from an 8 month pregnant wizard, who was made pregnant by the Lord of Blerontin, asking them if they could find the Lord of blerontin in his castle, and bring him to justice.

The daughter of the pregnant wizard will be revisited at a later point, who will want revenge on her mother who abandoned her and asked for her father to be killed in an act of revenge.

The inside of the castle has a lawn with several stalls surrounding it. The outside of the castle has 7 turrets with walls surrounding, and several gates to be able to enter the castle.
