

Welcome to TaylorWorld™

We are experts in the RPG's, Dungeons and Dragons, Pathfinder and Starfinder. Our website is <https://taylorworld.one> and our contact email is ptaylor@taylorworld.one.

If you see this leaflet and your interested in exploring these games, either email us, show your interest in the Bailiffs Tap in Banbury, Oxfordshire and ask for Dan, or leave a message on our Facebook page <https://www.facebook.com/brobostigon/> .

We will be hosting games and information sessions at the Bailiffs Tap in Banbury, Oxfordshire, which we will publish on our Facebook Page, where you can get reacquainted with the RPG's you love and remember. We will be doing taster sessions as well, of the released versions of Dungeons and Dragons, Pathfinder and Starfinder.

Pathfinder and 'Dungeons and Dragons' are both D20 based, medieval and fantasy setting RPG's. Starfinder is also a D20 based RPG, however with a Sci-Fi setting based in the future, it has some differences, including different character races, which include the Android and the Ysoki, different character classes, which include the Technomancer and the Mystic, and other basic details. Starfinder also includes things like Laser Pistols and Star-ships.
